Hive Health Plan

Helping you budget for
your pet's health care.

Hive Health Plan

We all know the value and benefit of keeping our pets happy and healthy and we want to help you reduce and spread the cost of routine preventative healthcare for your pet. By joining our Hive Health Plan your pet will benefit from preventative treatments and services all at discounted prices! Payments are made by convenient monthly direct debit collected by our plan administrator, Vetsure.

Care for the best of health, cover for the worst.

Note that our Hive Health Plan is NOT a pet insurance product. Pet insurance is aimed at providing cover for the treatment of unforeseen accidents or illnesses and does not typically cover preventative healthcare costs.

To link the two aspects of pet healthcare, Vetsure will give Hive Health Plan members 5% off Vetsure Pet Insurance when you take out a policy with them (or when you renew an existing one). That way, they can reward you further for keeping your pet in the best of health – at the same time as providing cover for the cost of treatment of accidents and illnesses through Vetsure Pet Insurance.

Vetsure Direct Home Delivery Service

For your convenience, and to make sure your pet is protected all year round, we'll deliver your Health Plan flea and worm treatments directly to you at home at no extra charge*

What's included?

As part of your Hive Health Plan, you will receive the following preventative treatments and benefits:

Dog & Cat Plan

Annual Core Vaccinations
Including Kennel Cough for dogs and Feline Leukaemia for cats when required.†

Flea, Tick & Worming Treatments
All year round.

Microchipping
Or £10 discount on any diet if already microchipped.

6 Nurse Consultations Annually
Including routine nurse procedures such as parasite treatment, nail clipping, anal gland expression and ear cleaning.

10% Discount on Neutering

10% Discount on HPM Lifestage Food

10% Discount on Dental Procedures

† The cost of the first part of your puppy or kitten's two-part primary vaccination course is not covered. The second part is covered.

* Your home delivery will begin when your pet reaches a consistent adult weight. Monthly weight checks will be required prior to this so that we can ensure the correct dosage of flea and worming treatment for your pet's current bodyweight during this period of rapid growth. Please speak to us if you have any questions.

Terms and Conditions apply, full details available at: myvetshealthplan.com

Rabbit Plan

Annual Core Vaccinations
Including Myxomatosis and VHD.

Fly Strike
Seasonal prevention products provided annually.*

Microchipping
Or £10 discount on any diet if already microchipped.

6 Nurse Consultations Annually
